

# Leaned Out

IAMDDB

IAMDDB keep it G, of course  
Bitches so sour  
But it's mermaid season

Suffering, energies  
Broken pockets, broken G's  
I have all the time, to succeed  
Happily, wimma G's

I'm sitting here on my own  
Feeling confused I'm slightly, amused by it all  
I'm wavey, you have no control  
My mind is blossoming lately  
You think you're the wave I beg to differ  
I, inherited the wave I am different cloths, different prices, different scars  
Different, seduction, abduction

I cannot and won't conform  
I'll do it all on my own  
I keep it g all the time, always left wondering why I  
Cannot fit in I am  
So different I might stand  
Up on my ones I might buss a 1 2 step I might just  
Keep it serious  
Stay delirious, I might get sick of ya, I might be sick widdya oh  
Well-well-well-well-well-well-well  
I am tired, I am so damn tired

'Cause I'm whippin' it like I'm coca  
Leaning oh so far  
I'm over the limit ah  
Can't stop it I'm swervin' ah  
I'm leanin' of life and ah  
I'm going under 'cause I'm, leaned out

Yes I am leanin'  
Yes I am leanin' out  
I am really leanin'  
DDB is winning now

Lean, working like a machine  
Got me swervin' on the M1, got me feeling like I'm the one  
Possibilities I like to tie with but don't ever tie me down with shit  
I get my own, own alla my shit  
Stupid woes all in my ish yea look at my pictures they look so sweet  
You wanna try send for me but don't at me when you know full well you know my name like  
Really ho  
Not today, don't push me to my limits, not today, not feeling to catch no bodies

I cannot and won't conform  
I'll do it all on my own  
I keep it g all the time, always left wondering why I  
Cannot fit in I am  
So different I might stand

Up on my ones I might buss a 1 2 step I might just

'Cause I'm whippin' it like I'm coca

Leaning oh so far

I'm over the limit I can't stop it I'm swervin' I'm leanin' of life and I'm  
going under, 'cause I'm leaning

Yes I'm leanin'

'Cause I am leanin' out

I am really leanin'

'Cause DDB is winning now

I might have to pull the trigger

I might have to pull this trigger

Because IAMDDB
