The way we stepping like the flowers, it's a crisis  
When she was asking for the powers, I said lightness  
And now she wanna be like host and keep it righteous  
'Cause she knows everything we do we see in high def  
Though she know I don't sleep though  
Like why is it I see you where ever we chill or we post  
Like we be here to save ya now that all your fucking heat froze

(We ain't crashing, but there's more love to sing) [?]
