I wonder who you are
I wonder who you will be when I'm not around
Will you be my love or be my downfall?
Will you hold my hand or raise my guard?
You trigger me in ways I cannot fathom
Will you heal me or reveal my scars?
I cannot see the future but I feel comfortable
You gotta let me go

And you gotta let me know
Is this from above or from below?
Will you let me fly or let me fall?
Do you feel the vibrations?

Away, oh-oh
Away, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh, oh, oh

Slow it down
We gotta slow it down
We gotta slow it down
We gotta talk this through and work it out
Figure you out
Will you be there when I'm down?
Help me to fix my crown
I wanna hold you down
You gotta let me go

And you gotta let me know
Is this from above or from below?
Will you let me fly or let me fall?
Do you feel the vibrations?

Away, oh-oh
Away, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh
Away, oh, oh
Away, oh-oh
Away, oh, oh

Away, oh-oh
Away, oh-oh
