Yeah yeah yeah  
You didn't call me  
Yeah yeah  
Yeah yeah

You didn't call me (you didn't call)  
Yeah yeah (yeah yeah)  
Yeah yeah (yeah yeah)

You didn't call me (yeah yeah)  
IAMDBB  
Keep it G

You didn't call me  
After I left you  
Yeah yeah (oh oh oh)  
Calling, calling (calling, calling)  
Calling with all my heart  
Yeah yeah

And that's when I realised my phone was off (my phone was off)  
What the fuck (the fuck)  
I'm tripping for no reason (for no reason)  
Even though I know exactly what we are (what we are)  
Girl it's your heart (it's your heart)  
Follow her (follow her)  
Follow her

I don't know if I'm makin' any sense at all  
I'm just tryna find words that'll make me sound sensible  
You know  
And I can mumble when I want  
And I still sound recognisable

I don't [...] like you hoes  
I said please don't disturb my calling  
There's no time (there's no time)  
In my mind (in my mind)  
Thinking about you all the time  
In my eyes, I'm blind  
In my mind (in my mind, in my mind)  
Thinking about you all the time  
Laaa

Get what I want  
Get what I like  
Get what I need  
Pick what you like  
Take all the storm  
And [?]  
Give me the world  
I'ma go on a tour

Give me my henessy  
I'm feeling tipsy  
Give me my henessy  
I'm feeling lifted

Give me my you and me  
I'm feeling twisted (I'm feeling twisted)

I don't know if I'm makin' any sense at all  
I'm just tryna find the words that'll make me sound kinda sensible  
Sound me sensible  
Kinda, kinda, kinda, kinda  
Laaa
