

I'm from the 5 & the 10
You slide through my city one time
Bet you gon' slide through again
Forever, I rep that nickel dime, it designed me to win
Forever, I rep that nickel dime, it designed me to win
Forever I rep that nickel dime it designed me to win
(Forever, I rep that nickel dime)

I'm from the 5 & the 10
(Forever, I rep that nickel dime)
I'm from the 5 & the 10
(Forever, I rep that nickel dime)
I'm from the 5 & the 10
(Forever, I rep that nickel dime)
I'm from the 5 & the 10

I'ma ride down San Pablo, I'ma start on Rodeo
Big blunt to the face I blow, I'ma make my way to the O
Chef Smelly on my plate for lunch
It's the first Friday of the month
And I'm really tied in, can't say too much
If you talkin' 'bout bands, come sign me up
I'ma tell that boy Ham "come line me up"
I'ma tell that boy Ray "come shine me up"
I'ma slide by the lake
Go get me a cinnamon roll from Colonial
When it comes to The Bay, it's a whole lotta shit
That came from the 510, I would hop off Del Norte
Then walk right down to Potrero
Got gas like Valero and my drip not from Melrose
Nike SB's, Bows and Arrows, then I hit Juans up for the taco
Posted outside of the top, dog, I'm on Durant like I'm Kevin
Way before I was a rap star, I used to be at the Nevin
They wanna know how I'm livin', they wanna know
I like to stay on the low, just a regular day in Pinole
I get love in my city, it shows, I'm consistently sellin' out shows
At the top, where I'm setting my goals
Stack it up, I'm investin' my dough

I'm from the 5 & the 10
You slide through my city one time
Bet you gon' slide through again
Forever, I rep that nickel dime, it designed me to win
Forever, I rep that nickel dime, it designed me to win
Forever I rep that nickel dime it designed me to win
(Forever, I rep that nickel dime)

The nickel and the dime, the Coco my county
Check on my money with RJ and Ravi

These outta towers be having they theories
Rumrill, I'm ridin' on my way to Peres
Order from Chris's, I slide to the kitchen
Bring lunch to my mama, say hi to the kiddies
Slide up the P, make a right on to Harbour
Then left on Macdonald, pull up to the 1D
L and the D for Lavonya Dejean
Afterschool program, my first little job
Good under pressure, I gotta stay calm
I'm on the FM like Chuy and Von
Young and accomplished, I pull up to Complex
They fillin' my section with too many vibes
I ain't pull up with no plans of performin'
They playin' my song and I'm finna go live
Sauce when I'm walkin' and drip my demeanor
Look at that billboard, it's Auntie Lazena
Lately, I'm ballin' like Damian Lillard
Got checks and stripes like I'm signed to Adidas
On the late night, hit San Pablo
Get a veggie fried rice right there at the casino
If you love for the 510 then we on the same page
And we all in agreement

I'm from the 5 & the 10
You slide through my city one time
Bet you gon' slide through again
