

Uh

HVK, yeah, you know how we play

Yep, Yep

Stay true, plenty changed on the way

But it still HB to the K

I'm from the bottom of the bottom of the bottom

And whatever it is, all my homies whilin'

You could feelin my vision, sayin' I'm on the way

All the way in the New Wap

And though I still hold it for the Bay

Still hold it down for the Rich

Hold it down for my fam'

Tell the world 'bout my movement

Let 'em know who I am

Represent like I should, keep it real to the core

Ho about the money, I'm screaming give me more

I'm peevin down to the floor, I'm buying Jordans for fun

Finna take over the world

And give it all to my son

Telling me I'm the one so I'm second to none

Barely learning to fly, it's only just begun

I'm on like the street lights, so they tell me go in

I learn from my old head, don't fix it if it's broken

My girl so way she soakin', and I want every drop

On my way to the mountain and I will never stop

All I rep is that gang

HBK, yeah, you know how we play

All I rep is that gang

And I can't quit, all I know is gang shit

All I rep is that game

HBK, Yeah you know how we play

All I rep is that game

And I can't quit, all I know is gang shit

Came up faster than helium

Too trill, ain't nobody realer than, them

And cook, coke, flow you can call Villimin

Phoney never ever realla feel this is realer than

Young and wild how I hustle

I always knew by the grind just to apply every muscle

And this is what it comes to

Real niggas out the struggle

On the bubble

Tryin' to maintain and just stay about the trouble

On the double

Shit it hard, but really tell me what's easy

Coming where we come from, it was hard to believe it

I seen it in the dream, so I gotta get it by any means
