

By Myself

iamsu!

I mean just make sure life is enjoyable, dog
You know?
Yeah, aye

Hop in the centerpiece (Ay)
Clothes come from Italy (Ay)
Made a discovery (Ay, yeah)
Have her meet me at the Doubletree (Yeah)
That's what's up, pass my cup (Woah)
Dimes in up, I'm in love
Mix it up, switch it up
Feel it in your gut, like a sit-up
Touchdown, I'm up now with calls from my freestyle
Living, but know they drive pick-ups with decals
Shot hands with D-cam, I'm back in the streets now (Yeah)
Ripped through your last shit and I caught the rebound
Ew, that's what's up
Feeling trapped on 22's, make 'em fist pump
Niggas don't know what to do 'til something drops
I'ma take your ass to school, fill the seats up
Cooking beats up

She wear what she have in the whip
Walking in the store and I'm walking out, dip
All of my hunnids is built like a crib

I did this shit all by myself like, ooh
Blue cheese how I dip, Velveeta and shit
Rockin' Adidas, not chicks
Money feel better than sex
I'ma pull up to the neck
I did this shit by myself, brrr

Yeah, yeah
Cut her, I'm onto the next, yeah, yeah
Straight to the stage from the jet
The money gon' call like, "collect"
I walk with a bump in my step
Pull up with a bark on my left, yeah, yeah
I'm rocking the latest apparel
In a Lamborghini, no Camaro
Best flow in the world, when the cops come I ain't see shit
I'm too old, so don't I sneak diss
If I say your name, then I say your name
Slot a ringtone in the remix
My big dog, you a beat licks
I'm a old dog learning new tricks
I'm in first place in another race
Only competition is another range
I'm on hella uppers, I'ma elevate
I been running numbers since eleventh grade
Look at me crooked, I'll set it straight
Don't need no court, I'ma settle it

She wear what she have in the whip
Walking in the store and I'm walking out, dip
All of my hunnids is built like a crib

I did this shit all by myself like, ooh
Blue cheese how I dip, Velveeta and shit
Rockin' Adidas, not chicks
Money feel better than sex
I'ma pull up to the neck
I did this shit by myself, brrr
