

Call Me

lamsu!

Pho-Phone steady going off
I wonder who it is now
Oh that's right it's your girlfriend
I guess that y'all just friends now
I told her she could call me, call me, call me
Call me when want a good time

Call me when want a good time

Your girl want it, I'ma give it to her
Front door service, I deliver to her
And I'm all up in her dreams, Freddy Kreuger
She gone be the target, I'ma be the shooter
I really got a thing for your girlfriend
And when you not around I hang witcha your girlfriend
I'ma dog I'ma dog I don't care man
In the bed, on the wall, anywhere man

You off your job and I'm gonna give her what she lack now
And we talk all day and night
They call me SU exclamation and she say it right
