

# Can't Make This Up

lamsu!

Ice cold VVS, ice cold new McLaren  
Fresh off the lot I swear  
And I got the squad right here  
No I can't make this up, no I can't make this up  
No I can't make this up, no I can't make this up  
If it ain't about money I don't give a fuck

I'm a California boy I don't pay for the box  
I'm a put that game on her have her buy me a watch  
You was hatin back then ain't no reason to stop  
In my city tapped in I'm so good on the block  
Busy counting my riches I'm out here handling business  
I ain't got time for you playa haters that gossip like bitches  
I'm on PV road pedal down beast mode  
Outta town with the drip, Ksubi jeans with the rips  
When I talk it make sense, bet I walk with a dip  
In the rich they say Sudy bro it's yours on the blimp  
In the foreign no tints, if she born she get clipped  
I'm a hop inside that water with my jewelry let is rest

Ice cold VVS, ice cold new McLaren  
Fresh off the lot I swear  
And I got the squad right here  
No I can't make this up, no I can't make this up  
No I can't make this up, no I can't make this up  
If it ain't about money I don't give a fuck

First off this a real nigga roll call  
In the kitchen cooking with the stove on  
Good kush burning up the ozone  
One night with me than it's so long  
I'm a big shot gang finna lift off  
Yellow diamonds on me got my haters pissed off  
Old school running it's in tip top shape  
Tell lil baby mind her business keep her lips locked  
In my city you don't tap in it's bad  
Let em breath two weeks now I'm back on that ass  
I was young nigga hoodie up back of the class  
Now it's 200 miles an hour on the digital dash  
I'm still hustlin, rocking Margiela's through customs  
It ain't about money than it ain't no discussion  
Wait can [?] Race in a wraith  
Bape, Human Race, I can't do second place  
Whole city with me finna take it on one  
Snuck my brother in the club he ain't 21

Ice cold VVS, ice cold new McLaren  
Fresh off the lot I swear  
And I got the squad right here  
No I can't make this up, no I can't make this up  
No I can't make this up, no I can't make this up  
If it ain't about money I don't give a fuck
