

Get It In

Iamsu!

Knick Knack on the beat
Couple hundreds for the Jordans on my feet
Ridin' low when you see me on the street
Mobbin on anybody who thinking that it's sweet

It's heartbreakers the gang, I got pows on every chain
I'm in the wild body whip, it will be crowding up every lane
Off this rapping make a grip, give the lil homie some change
When you see me out ill be whipped at the mall and I make it rain

Get it in, stacking Benjamins
West-siders, Snoop Doggy drinking juice and gin
Haters taking down I'm high as fuck, so I ain't hearing them
Need a heron bong, I hit the jewel up and I spinny spin
Whole bunch of clone rappers looking like my twinny twin
And ill be in the club, hella bar, text messaging
Call my homies up and I told 'em we gone (get it in)
Calls some girls up and tell them to bring their pretty friends
Uh, and tell 'em turn up
You ain't know when you fo' sure, you finna learn bruh
Heartbreakers make the world go round
No other Vaders, but it's 'bout to go down

I'm turnt up (get get get it in), I'm turnt up (get get get it in)
Super turnt up (get get get it in), I'm turnt up (get get get it in)
And we gone get it in, get it in, get it in
(We gone get it in get it in get it in) (3x)

Yeah
Sooty man, hot boy like juvy man
Money stacked to the tippy, like pooty tang
Class sensation, I'm a take these fools to school again
Straight up out the bay, we here the stay in and act a fool again
Rich city, get the money, go stupid
Going hard, no touché, pull my card out, swoop it
I'll be swiping your girl like it, she be riding, like she biki ng
She excited, getting drunk and acting crazy, it's a white chick eh
Young Gu, make them girls come through
Make her shake her boyfriend, over Young Su
Urgh, check mate off of one move
Stupid swag and spitting like I had one tooth
If I see and I like it, I'm a cop dat
And if you see somebody hating tell 'em, stop dat

Heartbreakers make the world go round
No other vading, but it's 'bout to go down
