

High As Ever

lamsu!

Fuck bitches
Money then them
European whip, pretty engine
Fly pigeon
You talk about it, I really live it
They say I'm hot, I can't call it like 5 digits
Dialing out, to the head like a Tylenol
You ask me if I smoke, I say not at all, yeah
I'm just tryna get higher like I'm not as tall
And the rest figure me out like I just got installed
On your PC, fuck em, VD
Case closed, space flow, young Suzy E.T
Extra terrestrial, Piazza couldn't catch me though
I'm just looking for a bad bitch who could bless me though
Suzy, the real niggas choose me
Real recognize real, I peep em like "who's he?"
Uh, please give me room, 5 feet
And I'm feeling something like a Marley cause nigga I am

High as ever, high as ever, high as ever, high as ever, high as ever
I'm feeling like I'm fly as ever, fly as ever, fly as ever, fly as ever, fly
as ever
Feeling like I'm

High as ever, high as ever, high as ever, high as ever, high as ever
I'm feeling like I'm fly as ever, fly as ever, fly as ever, fly as ever, fly
as ever
Feeling like I'm

Zoning, show me my opponent
High as ever, you ain't gotta guess what my cologne is
Real talk is found wherever the microphone is
I'm composing, this symphony I was chosen
Let me be the voice for those who never had one
Take you on a ride get your seatbelt fastened
I continue to put on like fashion
Autobahn flow call me Martin, Aston
I'm a big ticket like a DUI
Aviator dreams but they don't want to see Su fly
I hit the stage but you can't see me from the seats you got
But I ain't tripping off you fruits I just watch you rot
You can call me a local grocer
Just show me a flow that's grosser
Like [?] I am closer
Just trying to make the most of
What I was given, work like it's my religion
Quitting is not an option so kill 'em is my decision
And you can work the hardest, but I'ma work the smartest
I'm the man behind the wheel while you rappers carless
I swear you rappers garbage
Soon to be dearly departed
Minus the dearly
Murder them clearly
Not with the bull so don't try to steer me
Nobody near me, give me an ounce of space
Me plus this beat, the amount is great
The rap game's at stake

So call me black angus

I'm just trying to get to the green like a park ranger

High as ever, high as ever, high as ever, high as ever, high as ever

I'm feeling like I'm fly as ever, fly as ever, fly as ever, fly as ever, fly
as ever

Feeling like I'm

High as ever, high as ever, high as ever, high as ever, high as ever

I'm feeling like I'm fly as ever, fly as ever, fly as ever, fly as ever, fly
as ever

Feeling like I'm
