Hold it down one time for my cutthroats
Only time fully shine homie
Raised in the bridge with the clique, hold it down homie
Spend the check on checks like wrong answers
Hit alleys, throw a check at the young dancing
Love hint, love sex on romancing
Haters in the club they gon throw tantrums
If you ain't throwin money play the background
I run this rap shit sack, time to back down
And my old way, don't know how to act now
Hell breakers on the real, reppin that now

I been getting money since way back
Hey hated on me well I guess it's just a payback
Hardtop sting but I push it like a Maybach

Beat bang hard, it'll leave a nigga face flat
Did a bop on the track, nigga take that
Billionaire boy and I'm actually where the paper at
Pop break game, fuck around and brought the bay back
Ain't nowhere to hide
Ain't nowhere a nigga safe at
I'm the type of nigga that go straight to the dough
When you'll hear this in the club, take that shit to the floor
Every time I give it to em they be wantin some more
I be hidin in the bush, I get that shit for the low
Ain't another nigga get it how I'm getting it bro
And I never gave a fuck about a bitch or a hoe
And I got my niggas with me and they ready to ride
I'm a young wavy nigga never change with the tires
Still good
