

I Know What To Do With It

iamsu!

Oh... Su!

And I know what to do with it

Call my phone

Imma come running to you

I know it's been a minute

But you like I never knew you

I'm already light

High heels on

I don't see nothing wrong with it

With an arrow

Take off your cool

Love all night

Then I wake up to you

And make-up is usually what we break-up to do

Give it to you in the kitchen just to change up the room

So good wish that I could pack a doggie bag

I like the little trick you did

Remember when I taught you that?

Never with the games

I felt like playing with your heart was whack

It was so good a normal man would have a heart attack

You want it and I deliver

When see rivers that's when she quivers

And shakes like she was from Harlem

Give it to you real good

That's no problem

Yeah

You ain't gotta guess

Girl you already know that

(I know what to do with it)

Yeah

You ain't gotta guess

Girl you already know that

(I know what to do with it)

Yeah

You ain't gotta guess

Girl you already know that

(I know what to do with it)

Yeah

You ain't gotta guess

Girl you already know that

(I know what to do with it)

Oh, Imma put this dentro

She gon' take your pants off

When I play this poetry you bring your body close to me

Show me how you like it

That's how Imma do it

I know you're not a pro

So baby let me walk you through it

Oh, I put it down, down

You know I want your body right now, now

Girl let me put you on like a coat in the winter

And the way you throw it back

Baby girl you're a winner

Oh, I'm going down, Mary
Make your girl scream so loud it's scary
Yeah, let's play doctor
In your body
Breaking you off possibly
Some Mavin Gaye
Some Luther Vandross
A little Anita
And we gon' set this party up
Some Mavin Gaye
Some Luther Vandross
A little Anita
And we gon' set this party up

Alright
You ain't gotta guess
Girl you already know that
(I know what to do with it)
Yeah
You ain't gotta guess
Girl you already know that
(I know what to do with it)
Yeah
You ain't gotta guess
Girl you already know that
(I know what to do with it)
Yeah
You ain't gotta guess
Girl you already know that
(I know what to do with it)
Oh

And I know what to do with it
And I know what to do with it

(And I know what to do with it)
(And I know what to do with it)
(And I know what to do with it)
(And I know what to do with it)
