

Lee Pipes

Iamsu!

I direct this movie, cut the bad parts
Every leading man deserves a co-star, yeah
I'm a rockstar with no guitar
I'm a break hearts with my Chrome Hearts

And if it don't feel right
Just know you're nigga is right here
Speak what's on your mind
I could look into your spirit

Real niggas don't change
Real niggas don't change
Real niggas don't change
I'll be posted up right here
Real niggas don't change
Real niggas don't change
Real niggas don't change
I'll be posted up right here

Did it all on my own
Had to get me a check, yeah
On the fastest way home
In the Tesla I don't steer
I'm just minding my business, yeah
I've been on top of my fitness, yeah
Ready to check and check again
Feeling like George Jefferson
You a con, you a middle man
Eyes open for the Zimmerman
Kinda nellin, I'm Michelin
See the top I can picture it
Yellow diamonds always pissing it
Tattoo on my low goals
Don't know that I don't show
Go more and slow, slow
I direct this movie cut the bad parts
Every leading man deserves a co-star
I'm a rock star with no guitar
Maybe you the one that I'm fighting for

But if it don't feel right
Just know you're nigga is right here
Speak what's on your mind
I can look into your spirit

Real niggas don't change
Real niggas don't change
Real niggas don't change
I'll be posted up right here
Real niggas don't change
Real niggas don't change
Real niggas don't change
I'll be posted up right here
