Find another Su and that's unlikely
Tequila in my point shot like it's spike

When the sun goes down
And the lights go off
Money nights go now
No the fun don't stop
Ooh, I'd never cheat on it baby
Get a one need for it baby
I'd never cheat on it baby
Get a one need for it

Ride my bike for the night, you just gotta catch a flight
Ride my bike for the night, you just gotta catch a flight
(Can you do it for me, for me, for me, for me, yeah)
Ride my bike for the night, you just gotta catch a flight

Ain't no hiding from me

If you want it name it and you got it mami
Been living in a dream world, no rules, no, no
Been living in a dream world, no rules, no, no

And I won't tell a lie if you don't ask no questions
Send you on vacation with your closest best friends
Let you kick it for sometime and I'mma meet ya
Pretty feet yeah, walking on the beach, yeah
