(Yeah you make me wanna)
Ay ay ay ay

And I can't quit, uh uh

Put a ring on your finger
Share my last name
You know I'm so in love with you
Know I'm so in love with you
We got a connection
I need your love and affection
Cuz you know I'm so in love with you
Know I'm so in love with you

Wish that love was mine
Wish that love was mine one day
Wish that love was mine
Wish that love was mine one day
Wish that love was mine
Wish that love was mine one day
Wish that love was mine
Wish that love was mine one day

You give me feelings I can't find anymore
The type of love that give me light in the dark
And you're connected to my mind and my heart
I never said I'd get it right from the start
And it's a feeling you reminding me of
An energy that come from high up above
Ain't no other word to describe our love
I can't run away and go hide somewhere

Put a ring on your finger
Share my last name
You know I'm so in love with you
Know I'm so in love with you
We got a connection
I need your love and affection
Cuz you know I'm so in love with you
Know I'm so in love with you

Wish that love was mine
Wish that love was mine one day
Wish that love was mine
Wish that love was mine one day
Wish that love was mine
Wish that love was mine one day
Wish that love was mine
Wish that love was mine one—

(Wish that love was mine

That love was mine
That love was mine
That love was mine
Wish that love was mine
That love was mine
That love was mine
That love was mine)
