Imma king like James, ay  
I want rings like Way, ay  
Bout to spread my wings, fly away, ay  
House in the hills where she stay, ay, oh  
I want rings like Way, ay  
Imma king like James, ay  
Bad bitch in the hills where she stay, ay  
You know I ain't come here to play, ay

Ay, I got rings like MJ  
20 thousand for a show, you know they pay  
Drop bombs on your hoe, and its Mayday  
Every track man I go, I go insane  
I from the Rich, trip and she get scraped  
About chips, I'm in love with the Ben Frank  
Balenciaga, Triple S, see the kick game  
I'm on a plane every week, while she switch states  
And I just [?] town  
Imma run up in your crib, it's a shake down  
Money going up, since [?]  
She choose up, she just needed one chance  
I could count 60k with one hand  
Five bitches but I'm only one man  
We gon' tell you niggas, read about it  
Need my backend quick, I won't leave without it

Imma king like James, ay  
I want rings like Way, ay  
Bout to spread my wings, fly away, ay  
House in the hills where she stay, ay, oh  
I want rings like Way, ay  
She know Imma king like James, ay  
Bad bitch in the hills where she stay, ay  
You know I ain't come here to play, ay

I want rings like Way  
Bad little bitch, and she stay out the way  
Smoking on the style got my body outer space  
Never trust a soul, never tell 'em where you stay, ah yay  
'Cause people switching they day  
I know my time is coming, all I gotta do is wait  
Kobe in the clutch, just watch me fade away  
Ay, I been getting money everyday  
Keep a 'bout a six like I'm Drake  
She wanna take a pic like I'm Drake  
House in the hills like I'm Drake  
Took a nigga bitch, one look all it take  
This ain't competition, not a race  
Diamonds 'round my neck, that's in your face  
A lot of niggas dreaming to my place  
And then they wake up and they still gotta wait

Imma king like James, ay  
I want rings like Way, ay  
Bout to spread my wings, fly away, ay

House in the hills where she stay, ay  
I want rings like Way, ay  
She know Imma king like James, ay  
Bad bitch in the hills where she stay, ay  
You know I ain't come here to play, ay
