Shea Drive

Iamsu!

Yeah, yeah
HBK and you know how we play
And I can't quit, yeah

I tell promoters to cut me a check, please, walk out with a hefty
Been mindin' my business, they finally respect me
I'm finally the hottest nigga outside and I'm next week
I'm barely rockin' designer, I slide in a fresh tee
It's time to get to work, I always took care of somebody, had to put me firs
t (Put me first)
Now I'm ridin' by my lonely
But when you poppin' everybody is your homie

But ain't no stoppin' niggas know that I'm spittin' the best flows
I constantly set goals, executin' everything with no chance or parole
My left hand is froze, every week
Doin' shows, I've been strengthenin' my armor up
'Cause every [?] shows
Money it don't shrink, no
Posted with a freak, low
Droppin' cash on everything 'cause I can't do no repo
Each tour, he blow, least four
Got the [?] listenin', I gotta speak in G code
I know I can't take a break, can't slow
Only break I ever take is breakin' records like those, yeah
Hit nitro and gas up on 'em
I'm on my toes but God in my corner, yeah
Speakin' of the corner, other corner my opponent
Ring the bell, I bring Hell or Heaven, whatever he wanted
I'm bless it 'till rap profession respected regardless
Even different opinions, long as fishes is swimming
Long as egos is flying, long as Donald Trump playin'
I'm plugged in like plane, so I'm coming back, Michael Myers
I got it I can't deny it (I got it I can't deny it)
I'm talkin' shit to the pilot, I might just learn how to fly it
