Understand Me

Iamsu!

They don't understand me (Ooh, yeah)
Jump in a Benz and not a Camry (Ooh, yeah)
Airbnb, we in Miami (Ooh, yeah)
Don't worry 'bout it, we got plenty (Ooh, yeah)
It's 42 in my canteen and (Ooh, yeah)
The money bag lookin' heavy (Ooh, yeah)
We got bread with the cheddar cheese
Stumblin' outta Tussi with a twenty piece

I got ice of my arm, had to tote fear of God
I'm a boss like for real, can't look twice at a thot
I just flex with my gang, punching cars with no job
In the car with a fob, please a key when I start
They take shots in the dark, tryna pick you apart
Stick to the script when I swim with the sharks
I just stuck to my plan and it's taken me far
I got cash in my hands and a bank in my card

They don't understand me (Ooh, yeah)

New pictures when she text me (Ooh, yeah)
Thunk out, we on some jet skis (Ooh, yeah)
Westside, that's where she met me (Ooh, yeah)
Takin' off, we goin' number one (Ooh, yeah)
Back to back, the new Jeep trucks (Ooh, yeah)
Fuck around and have a baby with me
I know bad ones in every city
Gotta stay on point when I take you in public
If money the subject, I'll be able to cut it
I got Dr. Dre album in the dash (In the dash)
All she wanna do is let me smash
All her ex do is make her mad (Make her mad)
Me and Iamsu! get the cash (Yeah)
Only spend it on a real bitch (On a real bitch)
The one that's gon' text back real quick (Uh)
All I want is like fifty acres (Yeah)
And an elevator (Yeah), couple skyscrapers
My office on top, can't see you at all (See you at all)
She know I'm in the booth if I missed her call (Missed it)
