Aphrodisiac

IAMX

Sweetheart, where do you come from?
Oh, you're burning like a fire in my head
You're the perfect vision

Baby, beautiful headband
I will love you like I've never loved before
You're my hardcore obsession

I want your contact
I think I cannot fight your aphrodisiac
Can't know that only you can make me whole
Only you can make me whole

And I want your contact
I think I cannot fight your aphrodisiac
Can't know that only you can make me whole
Only you can make me whole

Swept drenched, shallow compulsions
Oh, I'm crying the tears of my youth
For pouring out, I get no satisfaction

I'm drowning in virgins and martians
Oh, you do anything to force out the 'god in bed' in me
You make me animal, your unaffection

I want your contact
I think I cannot fight your aphrodisiac
Can't know that only you can make me whole
Only you can make me whole

And I want your contact
And I think I cannot fight your aphrodisiac
Oh, baby, I know that only you can make me whole
I know, dammit, only you can make me whole

Sweetheart, where do you come from?
Oh, you're burning like a fire in my head
You're the perfect vision
Perfect

I want your contact
I think I cannot fight your aphrodisiac
I know that only you can make me whole
I'm feeling that only you can make me whole

And I want your contact
I think I cannot fight your aphrodisiac
Oh, baby, I know that you can make me whole
Only you can make me whole
