Tear Garden

I saw bright open common sense I do evil things and evil things return And I'm praying on, I'm praying for me

You can't hide, I remove from you Every tiny strength in everything you do And I'll kick you down And break you with tender touch

And then the tears cried in the tear garden Will be for life And then the tears cried in the tear garden Will be for life

In the west they have made a plague We have built the ship and sailed it to our veins God forbid, anything should break that chain

At our road we connected through The biology of universal cruelty Send me home, return me to a lonely world

And then the tears cried in the tear garden Will be for life And then the tears cried in the tear garden Will be for life
