

# Ripples

Ian Brown

It's not for glory nor for riches  
Nor the honors that I sing  
But to sing a song of freedom  
All the joy I long to bring

Not for riches nor the glory  
Nor the honors that I sing  
But to sing a song of freedom  
Sing a song we all can sing

Okay, right  
See it in their eyes  
Earth, the rock  
That floats in outer space  
Truth collides  
See it in their eyes  
Earth's a rock  
That floats in outer space

We get through always  
See it in their eyes  
Earth, the rock  
That floats in outer space  
Hope they rise  
As the stars align  
Earth, the rock  
That floats in outer space

It's not for glory nor for riches  
Nor the honors that I sing  
But to sing a song of freedom  
Sing a song we all can sing

Not for riches nor the glory  
Nor the honors that I sing  
But to sing a song of freedom  
Sing a song we all can sing
