

# Junkee Love

Ian Hunter

Give me magic misery  
Give me two shots - first one is free  
Watch me cover - watch me grin  
Jump for the juice in your syringe  
You're the poison - you're the pain  
You're the needle in my vein  
Come on jab it - come go quick  
The only habit I can't kick  
Junkee see - junkee do  
Junkee me - junk is you  
Pusher comes to shove  
Junkee love

ooh...I've got my trembles - I got the shakes  
I'm a slave to my mistakes  
Dial doctor on the phone  
Get me on methadone  
Give me magic misery  
Give me two shots - first one is free  
Watch me cover - watch me cringe  
All from using your syringe  
Junkee see - junkee do  
Junkee me - junk is you  
Pusher comes to shove  
Junkee love
