

Just The Way You Look Tonight

Ian Hunter

I fell in love with a working girl
We both grew up in a working world
Julie Christie jaw full 'o' them pearly whites
Just the way you look tonight

She never bought herself the finest clothes
She couldn't care less about buttons and bows
She says what counts is what's inside
It's just the way you look tonight

It's just the way you look tonight
You got the face of an angel
I can feel your halo burnin' bright
Just the way you look tonight

There ain't no makeup, not a trace
She can cut you off and put you in your place
Her bark has gotta be worse than her bite
Just the way you look tonight

It's just the way you look tonight
You got the face of an angel
I can feel your halo burnin' bright
Just the way you look tonight

It's West Side Story
Only two lovers could tell
When you walked in the room
Everything stopped
It's inevitable
Inevitable

I fell in love with a working girl
It works for me 'n' it works for her
When we get it on lightning strikes
It's just the way you look tonight

It's just the way you look tonight
You got the face of an angel
I can feel your halo burnin' bright
Just the way you look tonight
