

# These Feelings

Ian Hunter

I still got these feelings, these feelings, these feelings  
I still got these feelings

I wake up every morning  
To your pretty face smile  
You ain't really changed much  
Although it's been a while

From humble beginnings  
To the house on the hill  
I've always loved you  
And you know I always will

Cause I still got these feelings, these feelings, these feelings  
I still got these feelings  
What can I do  
I just want you to know  
I can't let them go  
I still got these feelings, these feelings for you

I remember the moment  
And that you first caught my eye  
A voice in my head said  
I gotta have you in my life

And there were times they were lean  
And there were times it was bad  
But we turned them into  
The best times we ever had

And I still got these feelings, these feelings, these feelings  
I still got these feelings  
What can I do  
I just want you to know  
They grow and they grow  
I still got these feelings, these feelings for you

Once in a while  
We walk back down that road  
The spirit's still willing  
And the music always floats

You saved my life  
You are my best friend  
I just want you to know  
I'll be with you till the end

Cause I still got these feelings, these feelings, these feelings  
I still got these feelings  
What can I do  
I just want you to know  
Lo and behold

I still got these feelings, these feelings for you  
Yeah I still got these feelings, these  
Da da da da da da da da da  
Da da da da da da da da da

Da da da da da da da da da da  
Da da da da da
