

# Eagle Feather

Ian Munsick

I wanna give my best to you  
Like a sunset on the mountain  
Wanna build a nest with you  
Underneath that shade tree shadow  
Wanna lay to rest with you  
Live like a river, dance in the altitude

And fly  
When I hold you, I get high  
Be my sky  
Make my sun rise 'til I die, baby

You and I, we fly together  
Gave you my heart like eagle feather  
You and I, we fly together  
Gave you my heart like eagle feather

I wanna give the reins to you  
Wild as two stallions  
Wanna go insane with you  
Hear the spirits howling  
Wanna give my tame to you, my name to you  
Buzz like the power lines do

And fly  
When I hold you, I get high  
Be my sky  
Make my sun rise 'til I die, yeah, baby

You and I, we fly together  
Gave you my heart like eagle feather  
You and I, we fly together  
Gave you my heart like eagle feather

You and I, we ride the weather  
Gave you my heart like eagle feather  
You and I, we're a tribe together  
Gave you my heart like eagle feather

Fly  
When I hold you, I get high  
Be my sky  
Make my sun rise 'til I die, yeah, baby

You and I, we fly together  
Gave you my heart like eagle feather  
You and I, we fly together  
Gave you my heart like eagle feather  
You and I, we ride the weather (Ride the weather)  
Gave you my heart like eagle feather (Eagle feather)  
You and I, we're a tribe together  
Gave you my heart like eagle feather
