

## Like It Ain't

Ian Munsick

Coffee cup on the counter where you left it  
Lipstick from the kiss that you left with  
Too much of a mess to mess with  
Word goin' 'round town  
I heard you got a new guy in no time  
That's fine, but baby, tonight

Tell it like it ain't true  
Tell me that he don't have his hands all over you  
Tell it like it ain't through  
Tell me that you lay awake thinkin' 'bout me and you  
Even though we know it's over and it's way too late  
Tell it like it ain't

Ray-Bans on the dash where your bare feet  
Used to kick way back in the front seat  
Only think about it every other memory  
I know it's gonna get better, but baby, in the meantime  
Be kind if you don't mind  
A little white lie

Tell it like it ain't true  
Tell me that he don't have his hands all over you  
Tell it like it ain't through  
Tell me that you lay awake thinkin' 'bout me and you  
Even though we know it's over and it's way too late  
Tell it like it ain't

Tell me it ain't nothin' but a temporary thing  
You just needed your space  
Tell me that he ain't nothin' but a friend  
Go on and lie to my face  
(Tell it like it ain't)

Tell it like it ain't true  
Tell me that he don't have his hands all over you  
Tell it like it ain't through  
Tell me that you lay awake thinkin' 'bout me and you  
Even though we know it's over and it's way too late, oh  
Tell it like it ain't

Woah-oh, tell it like it ain't
