

# Solo

Ian Munsick

Lovin' her was like livin' on cloud nine  
Like hoppin' up on the gate after an eight-second ride  
Like lookin' down on Heaven layin' in my bed every night  
But then she went and said goodbye

She got me ridin' solo  
Down here at the bar drinkin' all alone  
Sippin' from a Dixie, wishin' it would fix me  
Had me on a high like Colorado  
Now she got me ridin' solo

She got me ridin' solo

She was my ride-or-die, shotgun side, love me all night, baby  
Hurt like hell when I fell, now I'm down here goin' crazy  
Been tippin' 'em back, can't stop while I'm tryna drown her mem  
ory  
Bartender, keep 'em comin' with them doubles, 'cause...

She got me ridin' solo  
Down here at the bar drinkin' all alone  
Sippin' from a Dixie, wishin' it would fix me  
Had me on a high like Colorado  
Now she got me ridin' solo

Went from so high to solo  
Went from in love to heartbroke, oh no, no  
She got me ridin' solo  
Down here at the bar drinkin' all alone

She got me ridin' solo  
Down here at the bar drinkin' all alone  
Sippin' from a Dixie, wishin' it would fix me  
Had me on a high like Colorado  
Now she got me ridin' solo

She got me ridin' solo  
She got me ridin' solo  
She got me ridin' solo
