

## Weakness

Ian Munsick

I've lived the life of a hired hand  
I've lived the life of a working man  
I've lived the life of a gypsy too  
And I have lived the life of a drinker fool

I've got a weakness for them ole swayback horses  
Pretty girls and fine guitars  
Antique cars and cowboy bars

Well these hands they build mansions  
And they build cow stanchions  
I've rode 'em a mile, a few  
And I have laid them down on a bale or two

I've got a weakness for them ole swayback horses  
Pretty girls and fine guitars  
Antique cars and cowboy bars

These hand ride the rough stock  
Punch post holes through hard rock  
No they won't never be cruel to you  
There's certain things they just won't do  
These hands ride the cell block  
Peel coyotes and tie pack knots  
They'll pick an ole guitar too  
And that ain't all they'll do

I've got a weakness for them ole swayback horses  
Pretty girls and fine guitars  
Antique cars and cowboy bars

Well it's a long way from over  
I see a field of four leaf clovers  
Money's always come hard for me  
But that won't always be

I've got a weakness for them ole swayback horses  
Pretty girls and fine guitars  
Antique cars and cowboy bars  
Pretty girls and fine guitars  
Antique cars and cowboy bars  
Yeah
