

My Own Way

Ian Thomas

What do you know about me
I've waited for you long enough
I am to loyal for you
I know that the feeling is still there
I know that the feeling is still there

It's better that i go my own way
It's better you go your own way
I find my way

This belief causes no more pain
Smashing the face and then it happend
My life i like the best with booze and the sex
uhmmmmmm

It's better that i go my own way
It's better you go your own way
I find my way

You better watch out
Yes you better watch out
Wooooowooooohoooo

It's better that i go my own way
It's better you go your own way
It's better you go your own way
Cause i find my way
Someday
Someday
Uhhmmmmmmmm
