

don't wanna believe

iann dior

Ooh

Hahaha, Nick, you're stupid

It hurt way more than it should

I knew that it would

I lost myself 'long the way

You make it hard for me

She don't wanna believe that it ended how it did

When I told her to leave, had to tell her what it is

She was stuck in a dream, thinking that it'd never end

You can blame it on me, you can blame it on me

She don't wanna believe that it ended how it did

When I told her to leave, had to tell her what it is

She was stuck in a dream, thinking that it'd never end

You can blame it on me, you can blame it on me

I never meant to upset ya (Yeah-yeah)

Playing with your feelings leads you in the wrong direction (Woah)

Karma came around, leaving me with all this mess here

I don't wanna clean it 'cause it's already been done with

So I take the long way home when I'm sad

Tryna cover it up like I'm using Maybelline

Like I don't give a fuck, leave it all behind the scenes

Acting like I'm okay, it ain't really what it seems

It hurt way more than it should

I knew that it would

I lost myself 'long the way

You make it hard for me

She don't wanna believe that it ended how it did

When I told her to leave, had to tell her what it is

She was stuck in a dream, thinking that it'd never end

You can blame it on me, you can blame it on me

She don't wanna believe that it ended how it did

When I told her to leave, had to tell her what it is

She was stuck in a dream, thinking that it'd never end

You can blame it on me, you can blame it on me
