

Good 4 It

iann dior

I won't lie, I want you bad, I might just lose control
Got a flight to catch and you making me late for sure
I have plans but I'm stayin', I'ma cancel those
When I'm down hit you up, you the antidote
I got options but you got a nigga choosin' (Got me choosin')
You got options too, I know I'm used to 'em
Had a chance with you, I don't know how you do it
I'm 'a take you shopping, know I'm good for it

I'm 'a take you 'round the world like a tourist
I'm 'a make sure that I make you feel important
Damn I'm so intrigued, shorty never boring
I got something for you, something that's euphoric
You can tell me everything, how he annoying
When you out with me, I'm bound to have you sore
I'm 'a make sure that you fly, 'cause that I adore
Couple bands on the way
Every time I fuck it up, a whole advance on bae

I won't lie, I want you bad, I might just lose control
Got a flight to catch and you making me late for sure
I have plans but I'm stayin', I'ma cancel those
When I'm down hit you up, you the antidote
I got options but you got a nigga choosin' (Got me choosin')
You got options too, I know I'm used to 'em
Had a chance with you, I don't know how you do it
I'm 'a take you shopping, know I'm good for it

Get so high that I might feel the lowest
Maybe I just do it just to fill the void
Niggas slimey, niggas fake, got me paranoid
(Fuck them niggas)

Pink bow, pretty bitch, got me feeling safe around you
We could do whatever, go wherever, I gotta pay for it
Say you want that new new, get you two, girl it ain't shit enough
For real
These other bitches mad I got you balling like you in a league
For real
It's just just a hobby, really fucking with your energy

I won't lie, I want you bad, I might just lose control
Got a flight to catch and you making me late for sure
I have plans but I'm stayin', I'ma cancel those
When I'm down hit you up, you the antidote
I got options but you got a nigga choosin' (Got me choosin')
You got options too, I know I'm used to 'em
Had a chance with you, I don't know how you do it
I'm 'a take you shopping, know I'm good for it
