Inside Out

iann dior

[Intro]
Woah, woah-oh
Taylor

[Chorus]
From the inside out, I'm dyin'
Inside
(I'm dyin' inside, inside, inside, inside, I know it)
From the inside out, I'm dyin'
Inside

[Verse]
I can never explain how I'm feelin'
Always treated like a villain
You wonder now why I'm sinnin' (Why I'm sinnin')
But you will never come out winnin' (No, oh)

Now you askin' how I'm livin'
But, baby girl, I'm not livin' (Dead inside)
I'm dead inside, I'm dead inside
You were never on my side, not down to ride
You were always full of lies, and full of cries

Now I'm feelin' dead inside, I'm dead inside
All you did was run and hide, you were my high
Inside

It was hard to look away from you
I still haven't looked away from you (Inside)
Remember when I used to pray for you
I could never say I hated you

[Bridge]
All I ever did was chase
But I never won a race
Ended up in last place
Threw it back in my face

I was there, but you didn't choose me
You would rather lose me
This is how you do me
But why? (But why?)

[Chorus]
From the inside out, I'm dyin'
Inside
From the inside out, I'm dyin'
Inside, inside, inside (Inside)
