Lately

iann dior

Hahaha, Nick, you're stupid

Lately, I've been going crazy
Can't take my eyes off of you, baby
Promise me you'll never let me go
(Promise me you'll never let me go)
I've been up all night awaiting
Love your body, it feels amazing
Promise that I'll never let you go
(Promise that I'll never let you go)

Baby, when we ride
Bottles on me, my tank on E
Need you by my side
Pull up on me, what's it gon' be?
Now I got issues, can't trust nobody
In my head, it feels exhausting
All these feelings I can't let you know (You know)

Go, waste my time and sure enough you in love
I don't really know how to feel anymore, no

Lately, I've been going crazy
Can't take my eyes off of you, baby
Promise me you'll never let me go
(Promise me you'll never let me go)
I've been up all night awaiting
Love your body, it feels amazing
Promise that I'll never let you go
(Promise that I'll never let you go)
Lately, I've been going crazy
Can't take my eyes off of you, baby
Promise me you'll never let me go
(Promise me you'll never let me go)
I've been up all night awaiting
Love your body, it feels amazing
Promise that I'll never let you go
(Promise that I'll never let you go)
