

Take my time wit' it, when I'm up in it
She be screaming out woah-oh-oh
She wanna ride it, she wan' it hurtin'
When she see me she like woah-oh-oh
I be thumbing through these bands, no, I can't live without the
m
Bought this bitch Balenci' 'case she don't like fits without 'e
m
When you see me, its all black, know that's my type
Ain't gotta tell 'em 'cos they know-ow-ow

Piece of mine to take, it's mine to take, time for myself
It's what I decide to cut, the ties, live life for myself

Open up my eyes, see I'm dealing with this shit
Open my mind, you won't like what you get
Ain't been doing right yeah, I hate to admit
But I don't care, yeah, I dont care
On edge, on edge, yeah, I don't care
My days don't end well, I don't care
I'm at war with myself, ain't nobody else here

Take my time wit' it, when I'm up in it
She be screaming out woah-oh-oh
She wanna ride it, she wan' it hurtin'
When she see me she like woah-oh-oh
I be thumbing through these bands, no, I can't live without the
