

## Needed

iann dior

I can't let you lie to me  
Took my soul in spite of me  
You made it so hard to see  
You won't get the best of me

Woah-oh-oh  
I was more than you needed (More than you needed)  
Woah-oh-oh  
Guess you couldn't keep it (You couldn't keep it)

I don't like it whenever you come around me  
I got eyes, girl, you can't hide nothing around me  
Don't play dumb, you don't know anything about me  
I know you, wish you left me right where you found me  
Oh-oh, think I'm better off lonely  
Oh-no, think you don't even know me  
Oh-oh, I see through what you told me  
Girl, now you owe me, ah

I can't let you lie to me  
Took my soul in spite of me  
You made it so hard to see  
You won't get the best of me

Woah-oh-oh  
I was more than you needed (More than you needed)  
Woah-oh-oh  
Guess you couldn't keep it (You couldn't keep it)  
Woah-oh-oh  
I was more than you needed (More than you needed)  
Woah-oh-oh  
Guess you couldn't keep it (You couldn't keep it)
