

# TALK ABOUT IT

iann dior

All you do is talk about it  
Trynna get even, I see (I see)  
Act like you don't care about me  
I don't believe it (you still care for me)  
Where do we go?  
'Cause this energy was unknown, it's unclear to me  
All you do is talk about it  
Trynna get even, I see

I been so silent, when I didn't have to  
You lie about me, when you don't have to  
What did I do wrong? I'll never know why

Let's not play pretend  
We both know how it all could end  
Like  
Never want to take it there, there's rules to the game but you don't play fair, why  
The more that you lie, in your eyes  
It's keeping me blind (blind, blind, blind)

All you do is talk about it  
Trynna get even, I see (I see, I see)  
Act like you don't care about me  
I don't believe it (you still care for me)  
Where do we go?  
'Cause this energy is a no, it's unclear to me  
All you do is talk about it  
Trynna get even, I see

Baby can you make this easy, on me? (yeah, yeah)  
But you been acting like you don't need me no more  
'Cause you been sounding like a  
Broken record, and it's making me question  
All the things we could've been, but I'm  
Waiting for you to look me in my eyes and say  
What you want me to hear

All you do is talk about it (about it)  
Trynna get even (even), I see (I see, I see)  
Act like you don't care about me (about me)  
I don't believe it, yeah  
Where do we go? (Where do we go?)  
'Cause this energy is a no, it's unclear to me  
All you do is talk about it  
Trynna get even, I see

(We can talk about it)  
(We can talk about it, oh)  
(We can talk about it)  
(We can talk about it, oh)  
(We can talk about it, yeah)
