Love to be around her, she a flirt  
I'ma get up in it, yeah-yeah  
Lift them butterfly doors when I get you, yeah-yeah  
She said I'm reckless  
Diamonds in my smile and my necklace  
Don't forget that I'm the one who did it first  
Put you in some Prada, yeah-yeah  
I'ma hit her with that V12 stroke, yeah-yeah

Drop it low (Oh-woah), Aventador (Yeah-yeah)  
I could put you on the things that you ain't seen before  
I'm lookin' like a pot of gold (Oh), with some 4GO's (Uh-huh)  
It goes zero to a hundred when I hit the floor (When I hit the floor)  
I might hit a few times, but I can't keep her close  
That's a number ten on me, keep the baddest hoes (Baddest hoes)  
Tap in, baby, go in, put in work (Put in work)  
When you walkin' in that Birkin, don't forget who did it first
