

So where were you?  
Probably out there fucking with the crew  
I've been going crazy for you too  
Thinking 'bout the things that we could do  
Just me and you  
So where were you?  
Probably out there fucking with the crew  
I've been going crazy for you too  
Thinking 'bout the things that we could do  
Just me and you

I know exactly what you want (Yeah)  
You want me to show you paradise, yeah, yeah (Yeah, yeah)  
I know you probably not the one (No)  
I'ma take the chance and roll the dice, yeah, yeah  
Where were you when I needed you the most  
You never cared, now all they ever do is stop and stare, yeah  
Fiending for you in the night time, girl that pussy good  
Shawty in love with the white lines and she from the hood  
Want me to give you a good time, you know that I could  
Don't know if I should give you back the [?]

So where were you?  
Needed you the most, you never cared  
Now all they ever do is stop and stare  
Don't think it's fair  
And I don't care

So where were you?  
Probably out there fucking with the crew  
I've been going crazy for you too  
Thinking 'bout the things that we could do  
Just me and you  
So where were you?  
Probably out there fucking with the crew  
I've been going crazy for you too  
Thinking 'bout the things that we could do  
Just me and you
