

## **Creature (Perfect)**

**Ibeyi**

Feathers and blue scales  
Eyes evoking rain  
When I lay down in the calm of the deep blue sea  
I let the waves wash over me  
(Let the waves wash over me)

Yo soy espuma  
Y soy ceniza  
Y le siembro el corazón a la Tierra

I don't have to be perfect  
Don't have to be perfect  
I finally see I'm just a creature  
Don't have to be perfect  
No, I am not perfect  
I finally see who I'm supposed to be

Thunder out of pain  
Stars in movement  
When I realize in the dark, watching them dance  
They follow my fingertips  
(Follow my fingertips)

Yo soy espuma  
Y soy ceniza  
Y le siembro el corazón a la Tierra

With my bad poems  
My soft belly  
Escaping who I'm supposed to be  
My childhood prayer  
Death watching over me  
Accepting who I'm supposed to be

I don't have to be perfect  
Don't have to be perfect  
I finally see I'm just a creature  
Don't have to be perfect  
No, I am not perfect  
I finally see who I'm supposed to be
