

# Rise Above

Ibeyi

[Intro: BERWYN]

We're coming and we're not coming to play

[Chorus: Lisa-Kaindé & Naomi]

Rise above

Rise above

Rise above

We're gonna rise above

Rise above

Rise above

Rise above

We're gonna rise above

[Verse 1: Lisa Kaindé]

Jealous cowards try to control, yeah

They distort what we can say (Oh, oh, oh, oh)

Try and stop what we can do, yeah

When they can't do it themselves (Oh, oh, oh, oh)

[Chorus: Lisa-Kaindé & Naomi]

Rise above

Rise above

Rise above

We're gonna rise above

Rise above

Rise above

Rise above

We're gonna rise above

[Verse 2: BERWYN, Lisa-Kaindé & Naomi]

Rise above

Don't worry you're alive, put your lighters up

They want to tell us how to think and how to laugh

And how to cry and how to move

Listen, give me a second, let me find a fuck (Oh, oh, oh, oh)

Poor George Floyd died on the floor and everyone saw

So now I sip Don P because I can afford it

If they decide tonight that they all wanted to fight

Then I'm the first guy that's standin' in line for the war

War

[Verse 3: Lisa-Kaindé]

Society's arms of control, yeah

They think they're smart, well, think again (Oh, oh, oh, oh)

They laugh at us behind our backs

Find satisfaction in what they lack, yeah (Oh, oh, oh, oh)

[Chorus: Lisa-Kaindé & Naomi]

Rise above

Rise above

Rise above

We're gonna rise above

Rise above

Rise above

Rise above

We're gonna rise above

[Bridge: Lisa-Kaindé]

We are tired of  
We are tired of the abuse  
We are tired  
Try to stop us, it's no use  
We are tired  
We are tired of the abuse  
We are tired  
Try to stop us, it's no use

[Chorus: Lisa-Kaindé & Naomi]

Rise above  
Rise above  
Rise above  
We're gonna rise above  
Rise above  
Rise above  
Rise above  
We're gonna rise above
