

## Go with the Flow

IC3PEAK

Я не хочу оглядываться  
Я не хочу  
Я не хочу оборачиваться  
Я не хочу возвращаться  
Я не хочу оглядываться  
Я не хочу возвращаться

I know with that glance  
You can take me away  
By a chance  
One more time  
I know with that glance  
You can take me away  
By a chance

Unless you don't wanna back  
Unless you don't wanna  
Unless you don't wanna back  
Unless you don't wanna

I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all  
I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all  
I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all  
I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all

I know with that glance  
You can take me away  
By a chance  
I know with that glance  
You can take me away  
By a chance  
One more time

I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all  
I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all  
I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all

I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all  
I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all

I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all  
I can be anything you want  
I can be anything you want  
Go with the flow, go with the flow  
Pretend that I don't exist at all
