

MAKE YOU CRY

IC3PEAK

My girls are rude, my boys are nude
My girls are rude, my boys are nude
My girls are bold, my boys are cold
My girls are bold, my boys are cold
My girls are rude, my boys are nude
My girls are rude, my boys are nude
My girls are bold, my boys are cold
My girls are bold, my boys are cold

See how pretty I look
Hiding spikes in my boots
I'll devour you whole, watch out
See how your love makes you bleed
You are losing your heart
I'm with none of you

I don't know what is wrong no more
But I'll make you cry
That is what I know
I don't know what is wrong no more
But I'll make you cry
That is what I want

My girls are rude, my boys are nude
My girls are rude, my boys are nude
My girls are bold, my boys are cold
My girls are bold, my boys are cold
My girls are rude, my boys are nude
My girls are rude, my boys are nude
My girls are bold, my boys are cold
My girls are bold, my boys are cold

I'll make you cry
Don't cross the line
I'll make you cry

See how pretty I look
Hiding spikes in my boots
I'll devour you whole
See how your love makes you bleed
You are losing your heart
I'm with none of you

Cry-yyy-y
Watch out
