

# Resist

IC3PEAK

All my feelings  
All my thoughts  
All my feelings all my woes

All my feelings  
All my thoughts  
All my feelings  
All my life

Give me only sign  
Give me only hope  
You make me resist  
You make me regret

Give me all your faith  
Give me all your sense  
Now let me collapse  
Now let me regret

Give me only sign  
Give me only hope  
You make me resist  
You make me regret

Give me all your faith  
Give me all your sense  
Now let me collapse  
Now let me regret

I feel so low  
I feel so cold  
I feel so low  
I feel so cold
