

Nullify

Ice Ages

Here is another lie
Seducing to fight the purpose
Hands on to nullify
The fabric to get attention

Fall out - do not apply
Go on and caress the people
Broken look in his eye
To welcome the XXX agitation

Undisputed cry
The claim of accuration
Elevated sigh
Come on and join the sermon

Bow to a tender lie
Let victory bring the losses
Pick up the juvenile
Cold ruins to house the masses

Give praise to nullify
All struggles sedating failures
Refuse the storm of time
Contaminate desperation
