

# Bring Everybody

Ice Cube

Bring everybody  
Come on, come on  
Come on, come on

We about to show up deep  
Don't sleep everybody 'cause the climb is steep  
I need all my peeps  
I need all my fools  
I need all my freaks  
Deep as a hood meetin'  
What you know about good eatin'?  
Everybody comin', nobody leavin'  
Open up the back door  
Got a gang of motherfuckers fillin' up the back row  
It's about to get rowdy  
It's about to get cloudy  
Bitch, don't crowd me  
I'm comin' with a gang of folks  
With all my peeps and all my locs  
We want all the smoke  
We want all the fire, whatever your desire  
Got the entire empire  
Everybody on the block, everybody at the spot  
And the suckers throw up when we show up  
Arrogant as fuck with our nose up  
You wonder who the fuck we are  
And that question is so bizarre  
We the ones who can buy the bar  
See, I'm the star with the big cigar  
They don't have to park my car  
I leave it right here and it won't go far  
Standin' in line is asinine  
Motherfuckers won't touch me like the porcupine  
They know who the fuck I'm with  
And when that chick ask me who to get

Bring everybody  
I mean everybody  
I want everybody  
I said everybody (Who you with?)  
Bring everybody (Who you with?)  
I want everybody (Who you with?)  
I mean everybody (Who you with?)  
I said everybody (Who you with?)  
(Who you with?) Come on  
(Who you with?) Come on  
(Who you with?) Come on  
(Who you with?) You know us, come on

Showed up with an army  
Move (Bitch), excuse me, pardon me  
Nobody wanna stunt easily  
Made our way to the front (Come on)  
Smokin' that funkadelic  
People lookin' round pretend they don't smell it  
And when she saw me inhale it  
She gave me the thumbs up

I knew she wouldn't tell it  
Please don't kick us out  
Until all the liquor's out  
I brought all my niggas out  
We tryin' to get her to stick it out (Ha-ha)  
Having fun with my day ones (Day ones)  
So don't catch a stray one (Stray one)  
Punk, you better play dumb  
If they fuck around and ask you where you from  
I'm from the land of the scandalous  
The evangelist from Los Angeles  
I keep the candle lit  
But that's not a candle, that's cannabis  
Got more homies outside  
Finally arrived, it's about time  
Your boy better let 'em in  
These are veterans, they ain't checkin' in  
From dust to dust, kickin' up dust  
It is time  
And if you're ever in a fight, then you're beatin' one of us  
(Break out) Before you get bum-brushed

We got everybody  
I mean everybody  
I want everybody  
I said everybody (Who you with?)  
Bring everybody (Who you with?)  
I want everybody (Who you with?)  
I mean everybody (Who you with?)  
I said everybody (Who you with?)  
(Who you with?) Come on  
(Who you with?) Come on  
(Who you with?) Everybody, come on  
(Who you with?) Everybody, come on  
(Who you with?) Everybody, come on  
Bring everybody
