

Come And Get It

Ice Cube

Oakland Raiders, just win, baby
We are the Oakland Raiders, just win, baby
Don't need no invitation
We are that Raider nation
We rock that black and silver
We make 'em shake and shiver
We make 'em reconsider
And we still committed
So if you want a piece of this, you can come and get it

Touchdown, touchdown
Let's throw a bombon first down
Let's throw a bombon every down
First we score, then we clown
Having fun, look around
Nobody loud as a Raider crowd
Nobody proud as a Raider crowd
NFL, how you like me now?
We gon' do this Oakland style
Nothing but action, I'm Bo Jackson
Hit the hole, run you over
Goal line, jumpin' over
Going crazy, lose your soul
Lose your mind, in a black hole
Here's the goal: Superbowl
And everybody here get the gold

Al Davis, John Madden
Greg Papaand Darren McFadden
He's a pirate, Ken Stabler
Always will be a Oakland Raider
Art Shell, Gene Upshaw
Jack Tatum, true outlaw
That is Fred Biletnikoff
Lester Hayesis picking it off
Brown brothers, Willie and Tim
Plunkett, Otto, y'all know Jim
Y'all know Lyle, y'all know Ted
Atkinson put you to bed
Dave Casper, Cliff Branch
Tom Floresif you think you can
George Blanda, Howie Long
Marcus Allen come back home

I'm the President of the Raider nation
Please use this as motivation
If you want a piece of this, you can come and get it
