Ice Cube

Drop girl

Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
If I hit the switch, I could make that ass drop

Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
If I hit the switch, I could make that ass drop

Stop, drop, and roll it

I like bad bitches in that club that control it
If you tote it, uh huh, you get voted
And to my haters, I'm back , hold it
And we exploded on you motherfuckers
We took shots and reloaded on your motherfuckers
I can't hear you talking to me
Don't interrupt me when I'm talking to the booty

Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
If I hit the switch, I could make that ass drop

Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
If I hit the switch, I could make that ass drop
If I hit the switch, I could make that ass drop

Stop, drop and pop it

And after you pop it, please put it in my pocket
Look here, I need a sponsor, we can turn the city out
You remind me of my drop top, titties out
Ooh yeah, and can spend about 50 thou
All you do is make 50 thou
We can run and go spend it now, haters
Realize it just don't stop, see you at them pearly gates
Hit the button that make you, make you

Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop
If I hit the switch, I could make that ass drop

Drop drop it, lemme see you squat it

Type a nigga gettin' private dances in the public
Hit her from the back, grabbing on her shoulders
Hair weave killer, girl , why don't you get nervous?
Cleaning some detergent, all my cars got curtains
I love the life you know it
My Rollie cost a car, and I don't have a car note
I took her from the bar to the car to the condo

Drop to the drop, drop to the drop, drop, drop girl, drop
Drop to the drop, drop to the drop, drop, drop girl, drop

Drop to the drop, drop to the drop, drop, drop girl, drop
If I hit the switch, I could make that ass drop
Drop
Drop it like is hot
If I hit the switch , I could make that ass drop
