Ice Cube

A lot of people wonder how they gon' die  
How'my gon' die?  
Will it be a bullet wound?  
Will they die at the hands of the police?  
Here's how I think I'ma go

Too much salt, too much sugar  
Too much smoke and too much liquor  
The good life, I'ma die of the good life  
I'ma die of the good life  
Fire water  
Fire water  
The shit I spit will get you lit  
Fire water  
The shit I spit will get you lit  
Fire water  
Too much salt, too much sugar  
Too much smoke and too much liquor  
The good life, I'ma die of the good life  
I'ma die of the good life

I'm a animal, my splif's flammable  
This is Hannibal, I'm a cannibal  
It's understandable you think I'm studio  
But when we leave the studio, nigga, you's the hoe  
Niggas lose your hoe, like usual  
Bitch is beautiful, what she with you for?  
When Hiawatha drank my fire water said sayonara to his lonely daughter  
Fire starter, mister arson  
South Central Compton next to Carson  
Rips are rippin', dogs are barkin'  
Guppies all move over, let the shark in  
Blood in the water, cuz in the water  
Need to get out, nigga, was it a slaughter?  
Fuckin' wit'chy'all niggas, tear in your drawers  
This fire water put hair on your balls  
This is a rebel without a pause  
With three hoes like Santa Clause  
Know all the pimp codes and the bylaws  
Got enough paper, I could buy y'all  
At the Bayou, I could buy you  
Walkin' 'round here with a slave IQ  
Better get smart or it's deja vu  
Back in the dark, nigga, chained to the ark, nigga, fuck

The shit I spit will get you lit  
I got that fire water  
The shit I spit will get you lit

How I do it is lighter fluid

Think you fly? Put a spider to it  
Come down heavy, Isaac Newton  
While y'all talkin', I be shootin'  
Most of these artists be prostitutin'  
Gangsta shit, I wrote The Constitution  
Bitch ass nigga, what's your contribution?  
Hatin' on shit ain't a revolution

Don't bite the apple, I'm rebootin'  
Back to the pen and pad

Don't 'cha know my tooth is a dare?  
It's the cyclops with the eye drops  
Fuck these THOTS and Goldilocks  
Bitches wanna go and drink all a nigga porridge  
Don't ask me for a piece of pizza  
Fold my arms and say, "Bye Felicia"  
Why the fuck you messin' with the creature?  
Might wake up and fuckin' eat ya  
Can hardly see ya 'cause of my shine
