

## No Cap

Ice Cube

Hey y'all, fentanyl (What's up?)  
Fat bitches, dope dealers, geek snack fed niggas  
Broke bitches, Percocet, pussy wet  
Glenn Cliff, snitch bitch, I ain't that (I ain't that)

There once was a player gettin' money from around the way  
We gettin' money, no cap (Yeah)  
Take a shot, roll a blunt, lay back, we just tryna get paid (We just tryna get paid, go)  
Foreign bitch in my face, call me daddy 'cause she tryna get saved  
Bitches tryna get saved (Know that, uh)  
Boss bitches gettin' money, broke bitches never wanna behave (Never wanna behave, no)

You doin' boss moves in a cesspool, yes, you  
He test you before he bless you  
Respect you 'fore he select you  
This truth will affect you  
Nobody wanna be the next you  
Everybody want my job  
Nobody want your job 'cause your job's a blowjob  
Funny man on stage with the mic  
Try to laugh when he talk about your life, no cap
